# About Us

PIKS STONE, the brand of Dörtel Decorative Stone Construction Chemicals LTD ŞTİ; It started production in 2012. PIKS STONE decorative stones are materials with rich color and texture, inspired by natural stones. It is easy to apply, its m2 weight is lighter than natural stones and it serves in a wide range of colors, making the PIKS STONE brand stand out in designs and projects. PIKS STONE stands out in every field of application with its high technology in production, its lightness, its easy application, its color diversity, its depth in textures.

Working with a customer focus in production, seeking excellence in service, making a difference with our employees, having a wide and strong sales and aftersales network, acting with social responsibility awareness, joining forces with our solution partners, increasing its effectiveness and efficiency in the market day by day, complying with the quality management system conditions. Continuously increasing its efficiency and effectiveness constitutes our main quality policy.

As a result of this understanding, PIKS STONE, which still continues its investment and R&D studies, has reached world standards with the quality and durability of our products. In a short time, it exports to many countries such as Canada, Netherlands, France, Germany, United Arab Emirates, Azerbaijan, Cyprus, Dubai, Belgium, Iraq, Uzbekistan, Turkmenistan, USA, Qatar, Pakistan, Israel.
